TAKE OVER THE WHOLE SHIP.

Discover the advantages of full-ship charters.

Chartering an entire ship allows you to tailor almost every aspect of the cruise, plus it offers total exclusivity, flexibility and security. And with everything there is to do on board, a Norwegian Cruise Line ship is the perfect choice for building loyalty and camaraderie.

EXCLUSIVITY

With full-ship charters, you virtually “own” the ship, so you can customize almost every detail. Your corporate branding and messaging can be communicated throughout the entire ship, including the daily newsletter, keycards, attendee photo opportunities, menus and so much more.

PRIVACY

Your attendees are in a self-contained environment, assuring meeting attendance, participation and networking. They won’t go off to do their own thing as they would at a land-based resort, and they’ll get valuable relationship-building time with senior leadership and other attendees.

SECURITY

Full-ship charters are great for sharing confidential information or product launches — only your employees or attendees are on the ship.

MORE FLEXIBILITY

Not only do you have the ability to customize itineraries, you’ll also enjoy flexibility with event spaces and restaurants, since functions can be held throughout the ship whenever and wherever you choose.

IMPRESSIVE STATEMENT

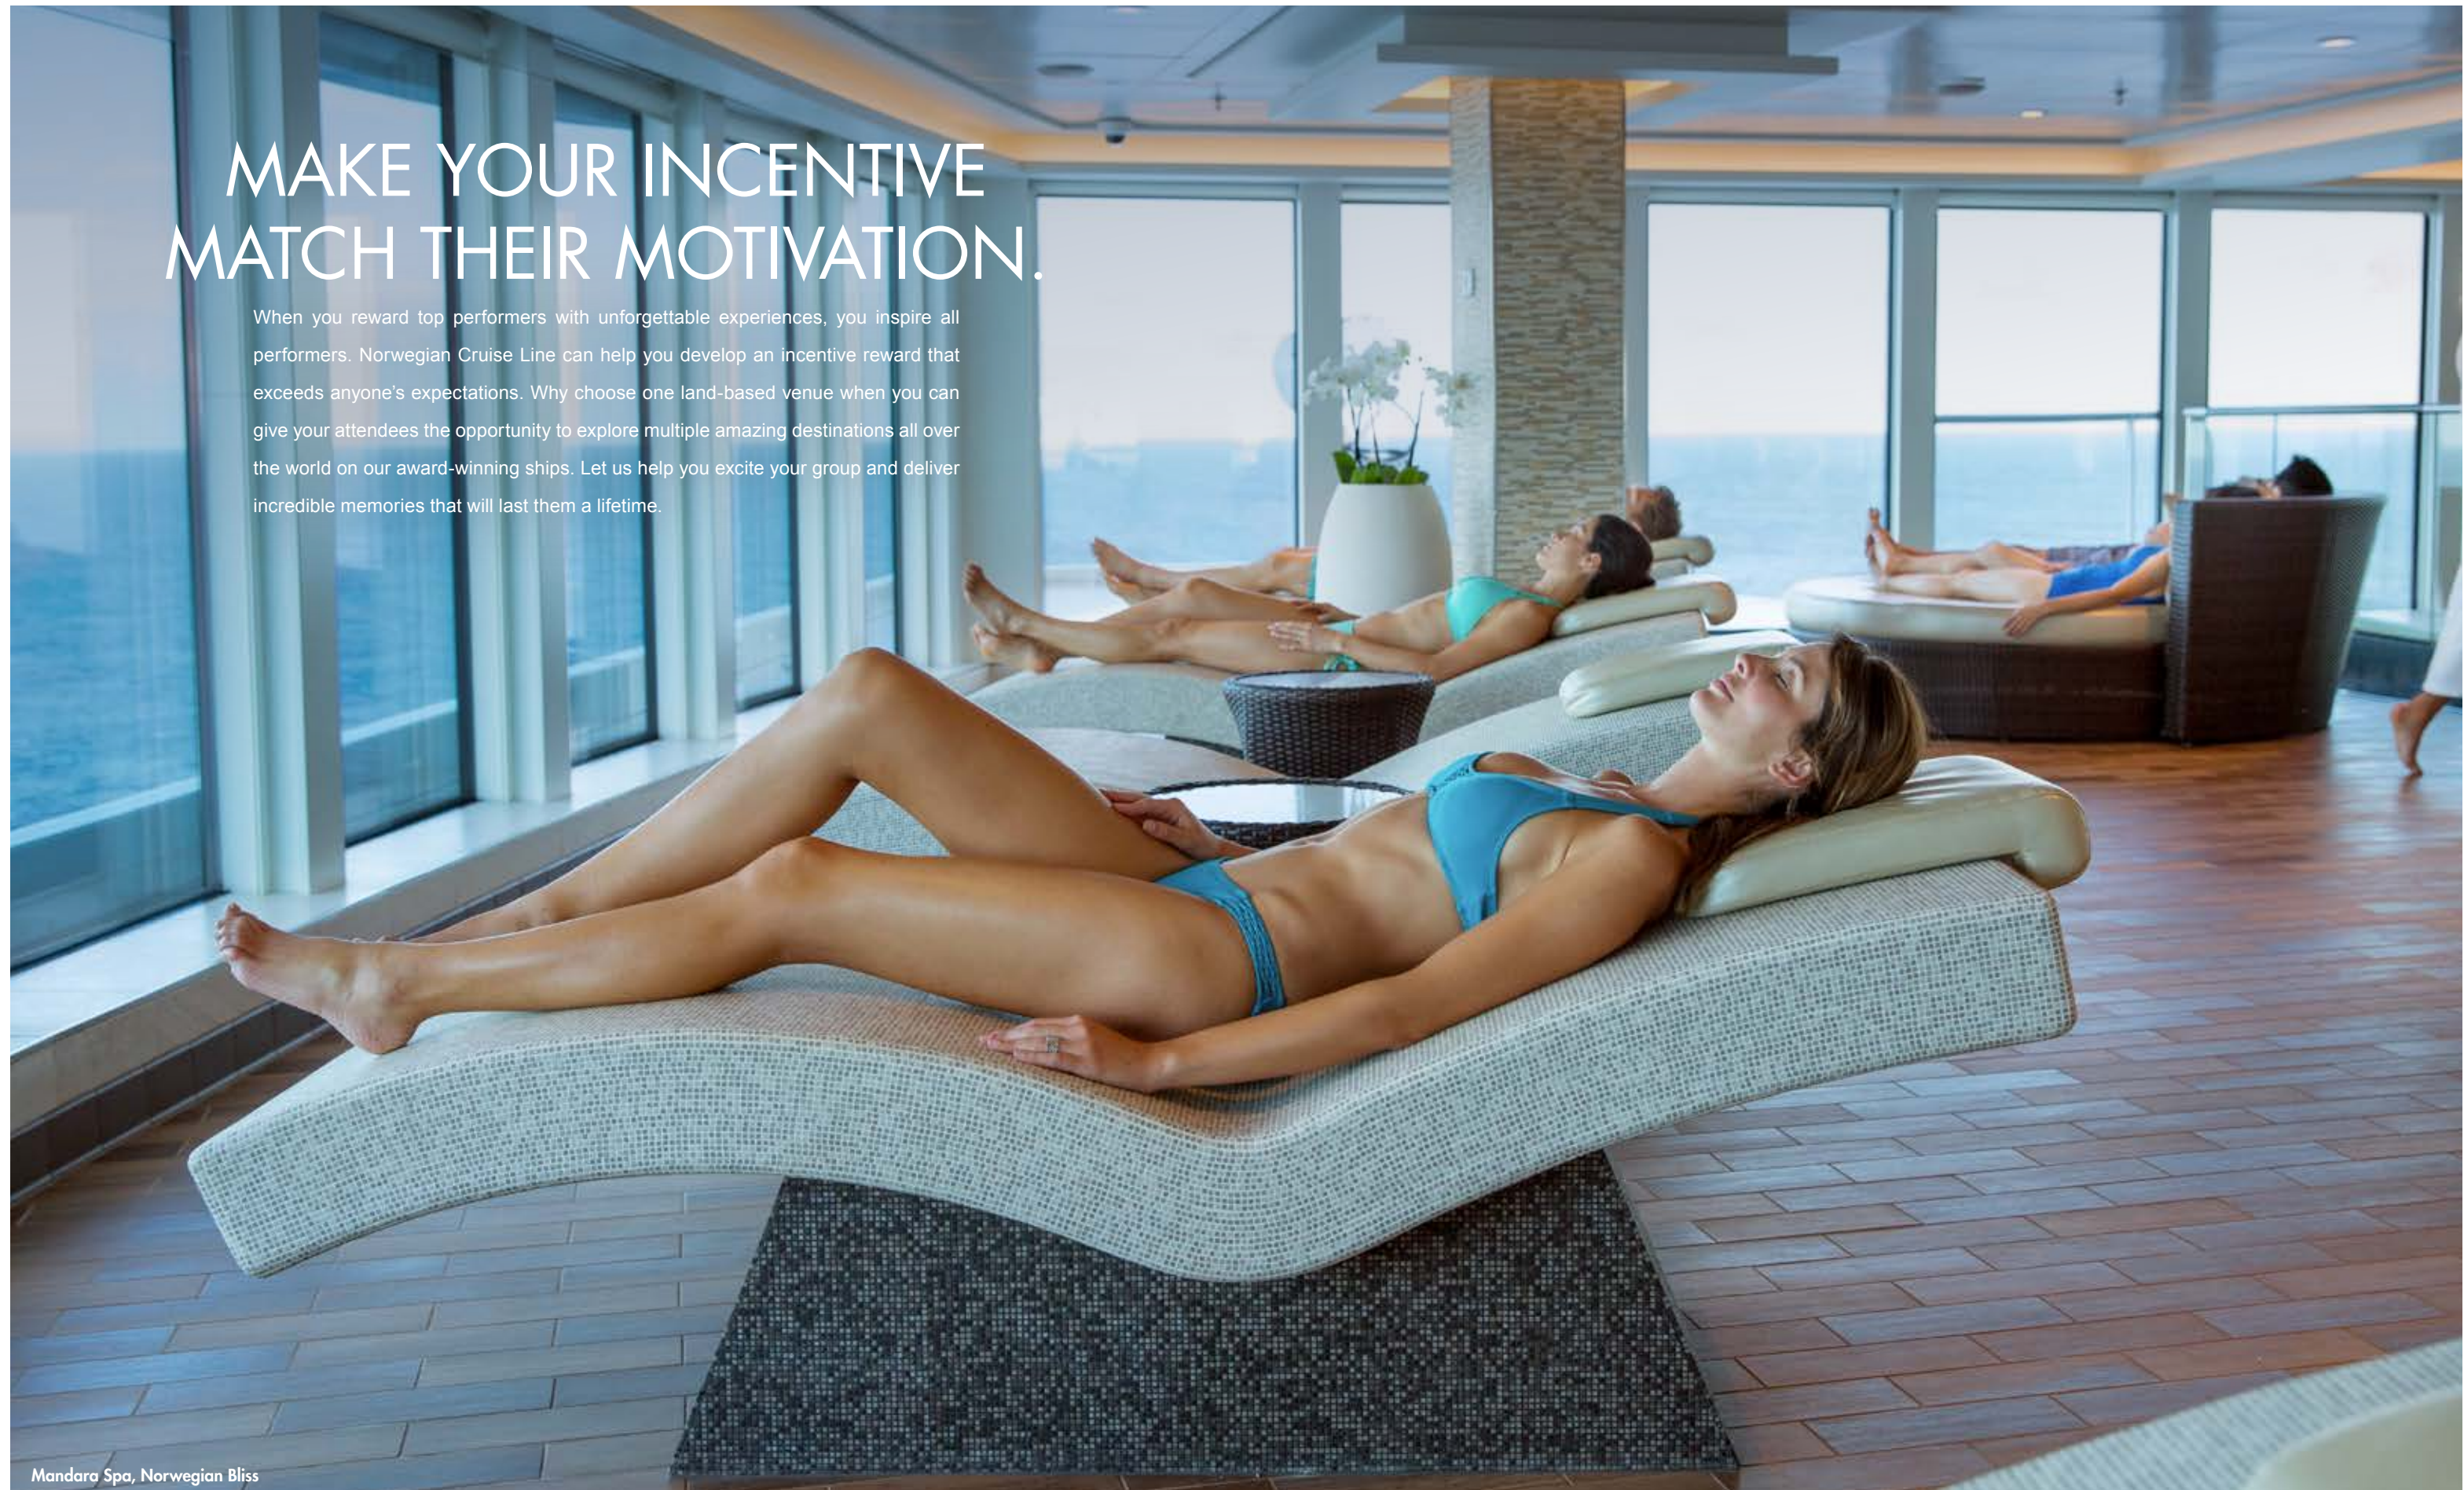

Nothing is as impressive as a privately chartered ship. It shows your event is important, its attendees are important and that they are being rewarded with first-class treatment.
